A Delegation from HELEX and CSE visits ASE

September 08, 2009

The CEO of Amman Stock Exchange, Mr. Jalil Tarif, received a delegation from the Hellenic Exchanges (HELEX), and Cyprus Stock Exchange (CSE). The delegation gave a presentation on the project (XNET/DAC06), which will establish a data network that connects exchanges in Europe, Middle East and Africa. The data network will connect capital markets and exchanges of member countries so as to bring them forward to the world and facilitate the access to these exchanges to the investors.

The CEO of Amman Stock Exchange, Mr. Jalil Tarif, received a delegation from the Hellenic Exchanges (HELEX), and Cyprus Stock Exchange (CSE). The delegation gave a presentation on the project (XNET/DAC06), which will establish a data network that connects exchanges in Europe, Middle East and Africa. The data network will connect capital markets and exchanges of member countries so as to bring them forward to the world and facilitate the access to these exchanges to the investors. The delegation also met the technical committees of Jordan Securities Commission (JSC) and the ASE to discuss the technical aspects of the project alongside with the legal aspects of the project agreement, and the procedure of the project execution. Finally, the Addendum to the Agreement between the ASE and the HELEX was signed.
